BOURBON'S PART IN WAR.

Twenty-two were rejected for various causes. The total cost of conducting the service in the State was estimated at \$676,346. Bourbon county ranked seventh in this cost.

The campaign for one hundred per cent. attendance on the church services is progressing splendidly and large crowds were present Sunday at both church services and at the Sunday School.

THE HOTEL PROJECT TAKES DEFINITE SHAPE.

With a total subscription of \$18,000 of the \$25,000 held to be necessary for the erection of a new hotel in Paris, the project is beginning to take on more definite shape. A meeting, presided over by J. Miller Ward, was held at the court house Tuesday, attended by a large number of progressive citizens and shareholders in the hotel project, at which prospects and plans were discussed.

A committee composed of A. B. Hancock, James M. Caldwell and Henry S. Caywood was appointed to confer with Edward Simms, and ascertain as far as possible, what, if any, co-operation they might expect from him, and if it was his intention to convert the Ficklen property to hotel uses. Fred W. Thomas was appointed a committee of one to consult with Architect A. E. Webber, designer of the Governor's Mansion at Frankfort, the new LaFayette Hotel, at Lexington, and other notable undertakings in regard to plans for the hotel.

DEATHS.

ROGERS.

Nathaniel C. Rogers, aged seventy-nine, a gallant member of the Bourbon county contingent who followed the varying fortunes of the Confederacy in the war between the States, sank into eternal sleep at the Massie Memorial Hospital, in this city at 11:30 o'clock, Wednesday night. While a guest at the home of Mr. and Mrs. Warren Rogers, near Paris, Mr. Rogers sustained a fall, in which his hip was broken. He was removed to the Massie Memorial Hospital, where all was done to make him comfortable. On account of his advanced age his recovery was doubtful, and on Wednesday night, he answered the summons to come to the Great Camp in the other land.

Mr. Rogers was a native of this county, a son of the late Harvey and Jane Moran Rogers. At the age of sixteen he enlisted in the Confederate service as a member of the company under the command of E. F. Clay, of Paris, who was afterward made Colonel of the Third Kentucky Regiment. He was in all the principal engagements of that great war, and rendered gallant and distinguished service. At the conclusion of the struggle he returned to his home in this county and engaged in farming, where he remained until a few years ago. In late years he was a sufferer from bronchitis, and had been a resident at the Confederate Home, near Pewee Valley. When that institution was destroyed by fire recently Mr. Rogers came to Paris, where he has since been a guest at the home of his brothers, Warren and Lewis Rogers, near Cane Ridge. Besides these brothers he is survived by two sisters, Miss Sallie Rogers, of Lexington, and Mrs. William Prewitt, of Montgomery county.

The funeral was held at the residence of John H. Roseberry, on Seventh street, at 3:30 o'clock yesterday afternoon, with services conducted by Rev. W. E. Ellis, pastor of the Paris Christian church. The burial followed on the family lot in the Paris Cemetery, in the presence of a large number of his former comrades-in-arms, friends and relatives. The pall-bearers were: Fielding Rogers, Harvey Rogers, Julian Rogers, Frank Rogers, Hiram Roseberry, Harvey Prewitt, Edward Prewitt and Warren Fisher.

WILSON.

William Wilson, aged sixty years, died Wednesday at the Eastern Kentucky Hospital for the Insane, at Lexington, where he had been an inmate several years. The body was taken to his old home near Cynthiana. Funeral services were held at two o'clock yesterday afternoon at the Curry Methodist church, conducted by Rev. F. W. Wyatt.

Mr. Wilson was well-known in Paris. He is survived by his widow, one sister, Mrs. Barlow, of Robinson, Harrison county, and one brother, John Wilson, of Bourbon county.

HOLLAR.

After a long illness, due to the infirmities of age, Mrs. Rachel B. Hollar, aged ninety-six, one of the oldest and best-known citizens of Bourbon county, died Wednesday at the home of her daughter, Mrs. George W. Allison, on the Bethlehem pike, near Paris.

Mrs. Hollar was the widow of Michael Hollar, a pioneer farmer of Bourbon county, and had resided all her long and useful life in this county. She is survived by three daughters, Mrs. Marjorie Sims, Latonia; Mrs. John Brown, Milburn; Mrs. George Allison, Paris, and one son, Wm. Hollar, of Fayette county. The funeral will be held at the residence of Mrs. Allison, at 2:30 o'clock this (Friday) afternoon, with services conducted by Rev. C. H. Greer, pastor of the Paris Methodist church. The burial will take place in the Paris Cemetery. The pall-bearers will be: Prewitt Willmott, Charles Willmott, Hord DeJarnett, William Hollar, William Bell and Dudley Bell.

INTERURBAN CHANGES

Several slight changes have been made in the interurban schedule between Paris and Lexington. The car leaving Paris for Lexington at 7:15 a. m., has been taken off, and the car reaching Paris at 11:55 p. m., now returns to Lexington instead of remaining over in Paris.

NOTES FROM THE CITY AND COUNTY SCHOOLS.

The Paris City Schools will close on April 16 for a week's vacation and will open again on Monday, April 26. The vacation is for the purpose of giving the teachers a chance to attend the meeting of the Kentucky Educational Association, to be held in Louisville.

The meetings of the State High School Latin Tournament will be held at the Paris High School building, on May 14. Four Latin contests will be held, one in first year Latin, one in Cicero, and one in Virgil. These contests will be open to every High School in the State. The Kentucky Classical Association will give the gold medal in the Virgil contest. The Latin department of the Louisville Boys High School will give one of the medals, the Paris High School one, and some other City High School in Central Kentucky will furnish the fourth.

At a conference between a committee of the Paris City Council and the Paris Board of Education, held recently, in an effort to get at the annual budget for the schools, the fact developed that the colored janitor at the Western High School, colored, received a higher salary per month than did the teachers.

A new qualification and salary schedule will be adopted this week by the Paris City Schools, and the teachers for the next school term will be selected on these schedules.

A meeting of the County Board of Education will be held to-morrow afternoon, at two o'clock, in the office of County Superintendent of Schools J. B. Caywood, in the court house.

A meeting in the interest of forwarding education in the county schools will be held Monday night in the gymnasium of the Millersburg Military Institute. The principal speaker on the program will be State Superintendent of Public Instruction George Colvin, of Frankfort.

A reception, largely attended, and marked with many pleasing features was given in the Paris High School auditorium Wednesday night from 7:30 to 11:30 o'clock, by the members of the Junior Class.

The sessions of the summer schools will be liberally patronized by the teachers of the Paris City Schools. Many will attend the Eastern Kentucky State Normal School at Richmond and the University of Kentucky, at Lexington, while the University of Illinois, the University of Michigan, the Peabody Normal School, the University of Chicago and Cornell University, will also have their share of attendants from the city and county schools.

WINDSOR HOTEL BOUGHT BY PRESENT PROPRIETOR

All rumors as to the disposition of the Windsor Hotel property, which have been in circulation for several weeks, were set at rest Monday when Mr. and Mrs. Robert Goggin purchased it. They have had the hotel under a lease from the owners, George C. Webb, and others, of Lexington. The price paid was \$16,000.

The purchase of the property means that the Windsor will retain its hold on the patronage it has so long enjoyed, and that it will, in the future, as it has in the past, be popular with the traveling and general public. It has been "home" to many for so long that they would have sincerely regretted seeing it converted to any other use.

Negotiations by another prospective purchaser were under way, and had it been successful, it is probable Paris would have been, at least temporarily, deprived of a hotel.

Cox for President

Those Democrats in Kentucky who believe that Governor James M. Cox of Ohio because of his great ability and superior qualifications should be the next President of the United States, have decided to lay his claim before our Democratic voters with the hope that they will join us in securing delegates to the San Francisco convention, who will favor his nomination.

To secure a delegation from Kentucky to San Francisco it is first necessary that all Democrats who are for Cox shall attend the county mass convention to be held in the various county seats at 2 o'clock in the afternoon of Saturday, May 1st, and see that the delegates they send to the Democratic State Convention at Louisville, Tuesday, May 4th, are Cox men.

This is no time for strife within the Democratic party. The man who undertakes to create the impression that the COX MOVEMENT is a movement in the interest of every individual branch, wing or faction of the Democratic party in Kentucky, is not a well-wisher for party unity and party success.

Former United States Senator Johnson Camden in a statement given to the press, said: "I am for Governor Cox because I believe him to be the one man who can win against the Republicans in November. He is safe and liberal, has a record in Congress, and three terms as Governor of Ohio. He is a man every inch of him, and one around whom every element in the Democratic party can rally. He began life as a newsboy and made his own way. He is a sound and successful business man, has never had any serious labor trouble during his demon-

stration in Ohio. He is broad-gauge in every respect and has proved that he can draw strength from every element of the voting population."

We endorse Governor Cox because we know James M. Cox to be one hundred per cent American, because he has demonstrated his Americanism and we know that he is the only kind of American that will be selected to the White House as the successor to Woodrow Wilson.

We know that it takes an extraordinarily good man of the Democratic party to even once carry the State of Ohio which normally is Republican, by over one hundred thousand majority.

And, so we know that when a man carries Ohio three times as has Cox, he is what the fellows who go to the races call a safe "hoss."

We want first a capable man in the White House and we want him to be a Democrat.

Cox is capable, Cox is honest. Cox is a Democrat, and he is the best runner in our party as he seems to us. That's why we are for Cox at this time and that's why we want Kentucky to be for Cox.

The COX HEADQUARTERS will be open at the Seelbach Hotel at Louisville for communication from all who are interested and believe that this great man should be nominated and where all Democrats will be welcome.

FOR SPRING Have a Stein-Bloch Suit

TO the casual observer clothes are just clothes—mostly all alike. Yet there is an important difference between the general run of ready-to-wear clothes and

Stein-Bloch Smart Clothes

You can readily see the pattern and style in any suit. But the wearing quality—the service ability—of clothes depend largely upon the unseen things—the linings, the needle work, the tailoring. These unseen things you take on faith.

Yet not entirely on faith, because the Stein-Bloch label, which stands for Sixty-three Years of Knowing How, is a pledge of quality in itself. And our label endorses it.

You begin to fully appreciate Stein-Bloch Smart Clothes only after such service as would put ordinary clothes into the discard. It is this inherent quality of continued smartness—smartness as long as the woollens hold together—that makes Stein-Bloch the choice of men who know.

Toledo Man Spent Hundreds In
Search For Health—Grate-
ful To Tanlac

"I want my statement published in all the papers that everybody may know how Tanlac has helped me and what a wonderful medicine it is," said William H. Ferguson, a well-known electrician, living at 903 Lagrange street, Toledo, Ohio, in an interview, recently.

"A month ago," continued Mr. Ferguson, "it would have been impossible for me to do the work I am doing to-day. Five years ago I commenced to have rheumatism in my left shoulder and arm and across my back under the shoulder blade. I kept getting worse until I had to be carried to a hospital, where I lay helpless I could not raise my hand could not move without help. During the past four years I have lost at least eighteen months from work on account of this rheumatism. Most of the time I could not even lay back in a barber's chair to get shaved, and my left arm was so helpless I could not raise my hand to wash my face. Since leaving the hospital a year ago those awful pains started up in my arm and the fear of getting down helpless again almost drove me mad. At the time I got Tanlac I was also suffering from stomach trouble and had been for ten years. I distinctly remember about a year before the rheumatism came on me, of being troubled so with indigestion, spots coming before my eyes, and dizziness that I got alarmed. I could hardly bear to think of eating, as the simplest kind of food would sour on my stomach and cause a sickening sensation and intense pains. After even a very light meal my heart would palpitate and act so peculiar that I was afraid I had heart trouble.

"I tried all kinds of medicines, had the best treatment, and spent hundreds of dollars in my efforts to get rid of stomach trouble, to say nothing of what I have paid out since the rheumatism struck me, but never got more than a little passing relief. I could see no way out of my troubles until I read a statement for Tanlac a few weeks ago from a man who had suffered with the same kind of troubles. The first bottle gave me a good appetite and as soon as I got so I could eat and digest my food I noticed the pains in my arms and shoulders getting less. I can use my left arm and hand better now than in three years. The other day I tried laying back in the barber's chair and was overjoyed to find that my shoulder did not pain me the least bit. I am eating three good hearty meals a day and can just feel myself getting stronger all the time. I think anyone who finds relief after suffering as I did ought to be willing, for the sake of others, to tell what did it." Tanlac is sold in Paris at the People's Pharmacy. (adv)

Constipated People Should Use Pepsotone

HOW IT INCREASES VIM, VIGOR AND NERVE FORCE BY CLEANSING BOWELS, TONING STOMACH AND PURGING LIVER

Should Be Prescribed By Every Doctor, Instead of Poisonous Calomel,
Says W. J. McGuire, Ph. G.

Take ordinary Pepsotone, is the advice of doctors and druggists today, to those who suffer with chronic constipation, distressing indigestion and torpid liver. There's no longer any need of using harsh, poisonous calomel, as Pepsotone, the new scientific combination of Mother Nature's vegetable elements is bound to function the bowels and liver regularly—daily, thus cleansing the system of all impurities and poisonous waste matter.

One Pepsotone tablet at bed time with a swallow of water—that's all that's necessary, no salts, no nausea, no griping, no distress whatsoever.

Next morning your liver is active, your entire digestive tract is purified and refreshed and you feel just fine with a hearty appetite for breakfast. Eat what you like—everything tastes good and agrees with you.

By getting the bowels to function daily as nature intended, the entire system is naturally invigorated. Blood circulates better, nerves become refreshed, dull eyes become bright and pale cheeks glow with the bloom of perfect health. Sleeplessness, nervousness, lack of energy, tired, worn-out feeling—all become things of the past.

Simply step into any drug store anywhere, obtain a quarter's worth of Pepsotone tablets and begin this very night to conquer constipation; increase your bodily strength, your nerve force, your power of endurance and materially improve your skin, color, complexion and figure.

NOTE: You are bound to get desired results from Pepsotone or it will cost you nothing, because if you are not satisfied your twenty-five cent investment—little as it is—will be refunded. Any reliable druggist will do this much to assist you. (adv-F)

HOW DIPHTHERIA IS CONTRACTED

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent you should take him out of school and keep him off the street until fully recovered, as there is a hundred times more danger of his taking diphtheria when he has a cold. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted. (adv)

HOW TO MAKE SOUTHERN WOODLANDS PROFITABLE

A bulletin containing numerous illustrations has been prepared by forestry specialists of the U. S. Department of Agriculture for the benefit of Southern farmers interested in making their woodlands more profitable. It contains suggestions regarding the marketing of many kinds of logs, and calls attention to the importance of wise cutting. The need of protecting seedlings in woodlands is emphasized, and the wasteful stripping of land, such as has laid bare so many slopes, is condemned. Photographs show the evil results that follow shortsighted practices.

This bulletin is entitled, "Making Woodlands Profitable in the Southern States," and can be had free of charge by addressing the U. S. Department of Agriculture, Washington, D. C.

CATARRHAL DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness. Circulars free. All Druggists, 75c.

DON'T BE MISLED

Paris Citizens Should Read and Heed This Advice.

Kidney trouble is dangerous and often fatal.

Don't experiment with something new and untried.

Use a tested kidney remedy.

Begin with Doan's Kidney Pills.

Used in kidney troubles 50 years.

Recommended here and everywhere.

A Paris citizen's statement forms convincing proof.

It's local testimony—it can be investigated.

Mrs. Chas. McCord, South Pleasant street, says: "I have used Doan's Kidney Pills at different times, getting them from Oberdorfer's drug store and I found them a splendid kidney medicine. Whenever my kidneys have acted irregularly or my back has been weak and lame, I have found a box or so of Doan's Kidney Pills sufficient to cure me of the attack."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McCord had. Foster-McLure Co., Mfrs., Buffalo, N. Y.

UNITING TOWN AND COUNTRY

Years ago there used to be considerable antagonism between business centers, and farmers and other people living in the outlying country. The farming elements kicked if they had to pay taxes for improvements in the centers. And the business men of the centers were slow to give the farmers their share of public funds, and felt too little responsibility to help finance them through their business operations.

This spirit is greatly changed today. The relation that should exist between the people of a business center and those living in the outlying districts might be stated as follows: The prosperity of this center depends absolutely on the prosperity of the surrounding country. And conversely, the outlying population must do all it can to promote the well-being of the center. Both elements must work together and for each other's interests on 365 days in the year.

Economics is the study of man's efforts to get a living.

SPRING FEVER

Following Colds, Grip or Flu,
Thin, Watery or Poisoned Blood

(BY DR. VALENTINE MOTT.)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxins (poisons) stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the spring-time of the year, should try the refreshing tonic powers of a good alternative and blood purifier. Such a tonic as druggists have sold for fifty years, is Dr. Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks.

Alton Park, Tenn.—"Dr. Pierce's Golden Medical Discovery cannot be excelled as a tonic and blood purifier. I have taken it as a spring tonic and to purify the blood and it was excellent. I also found it good for stomach trouble. And Dr. Pierce's Pleasant Pellets are a fine system regulator. I found them especially good for constipation and bilious attacks and they also tone up the liver and drive impurities from the system in a very mild way."—J. S. HUGHES, 114 Rogers St.

CLEAN-UP CAMPAIGN BEING PUT OVER.

Paris people have gone at the work of promoting sanitation, cleanliness and attractiveness in a thorough manner. Back yards and other portions of premises at residences and stores have been relieved of their winter's accumulation of trash and rubbish, and painting and a general clean-up has been the order of the day. The weather at the beginning of the week operated somewhat against the progress of the work, but the citizens tackled the job again at every opportunity, with the result that Paris will this week take its place in the ranks of the "cleanliness" towns. The job is being well taken care of and the co-operation of the city, with its teams and carts, has accomplished a great work in helping remove the debris. By the end of the week everything will be given the final O. K. and the city will be clean from one end to the other.

MANY, MANY THANKS!

I desire to extend my heartfelt and sincerest thank to the kind friend or friends whose identity I have not yet learned, for the presentation of an automobile to use in my relief work for the Bourbon County Health and Welfare League. If my "Santa Claus" could only realize what a blessing this machine has been and what a wonderful help it has been to me, he or she would feel amply repaid. I take this means of extending my humble thanks to the thoughtful donor of the car, in the hope it will catch his or her eye.

BAD LUCK WITH EGGS.

The week has been singularly free from automobile accidents, the only one so far reported being that of a Bourbon county farmer coming to town. En route from his home near Centerville, in his machine, carrying twenty dozen eggs for the local market, he lost control of his steering gear at a point on the Georgetown pike near Paris. The car swerved, struck a telephone pole, damaged the machine, scrambled ten dozen eggs, and gave the farmer the scare of his life. Otherwise, nothing much happened. But the ten dozen eggs were hopelessly lost.

In 2000 Counties This Month

The Forces of the Church of Christ Will Gather To Face the Facts

IN 2000 counties in the United States the pastors and laymen of 30 great denominations will meet in conference this month.

It is the kind of conference that generals hold before a critical engagement; that business men hold before entering a new market. A conference of judgment, not emotion; a clear-eyed facing of the facts.

A Survey that Business Men Must Admire

For more than a year hundreds of workers have been quietly engaged in making a scientific survey of the mission fields, and of America county by county.

The facts developed are startling. No such picture of America's religious situation has ever before been drawn.

On the basis of these surveys thirty Protestant denominations are uniting in a

Nation Wide Cooperative Campaign

Each of the thirty denominations has its own "Forward Movement" organized and officered. The Interchurch World Movement is the clearing house for all of these.

It is the agency which the churches have created to avoid duplication, to foster cooperation and make sure that every man and dollar render the utmost service possible.

The month of April will be devoted to making the facts of the survey known to America; in the week of April 25th-May 2nd, will come a united simultaneous financial campaign.

Whether You Are Inside the Church or Out

To every man and every woman who loves his country, these 2000 county conferences are vitally important.

For the facts developed by this great survey show vividly what forces are at work in America—and what kind of a country this country is to be.

See that the pastor of your church appoints delegates. Any pastor can tell you the conference place and date. Or write direct to the

MORROW PROMISES AID TO SALVATION ARMY.

Before leaving for the East, Governor Morrow wrote Commander Evangeline Booth, of the Salvation Army Headquarters, New York City, that he was appealing directly to the great heart of Kentucky to respond generously to the call of the Salvation Army in the second Home Service campaign.

"I am urging our people," he said, "to rally to the support of an institution that always has done and now stands ready to do its full share, brimful and running over, for the homeless and the afflicted. Wherever the Salvation Army 'carries on,' there we find a need supplied; a foot-sore unfortunate comforted; a hungry one fed; an aching heart given surcease of sorrow."

As a general thing, when a woman has pretty ankles she isn't very bad about sitting on her feet.

The Prohibitionist says there's not a ghost of a chance of his believing in spirits.

HOW IS YOUR COMPLEXION?

A woman should grow more beautiful as she grows older and she will with due regard to baths, diet and exercise, and by keeping her liver and bowels in good working order. If you are haggard and yellow, your eyes losing their lustre and whites becoming yellowish, your flesh flabby, it may be due to indigestion or to a sluggish liver. Chamberlain's Tablets correct these disorders.

In 2000 Counties This Month

The Forces of the Church of Christ Will Gather to Face the Facts.

IN 2000 counties in 36 states the pastors and laymen of 30 great denominations will meet in conference this month.

It is the kind of conference that generals hold before a critical engagement; that business men hold before entering a new market. A conference of judgment, not emotion; a clear-eyed facing of the facts.

A Survey that Business Men Must Admire

For more than a year hundreds of workers have been quietly engaged in making a scientific survey of the mission fields, and of America county by county.

The facts developed are startling. The charts and maps will amaze you. No such picture of America's religious situation has ever before been drawn.

On the basis of these surveys the program of the Interchurch World Movement is being built.

What the Movement Is.

This movement is a clearing house for the activities of the "forward movements" of 30 denominations. It is the basis of co-operation for the churches of America in a mighty effort to face the facts revealed in the surveys which are being conducted by the movement.

You, as a minister of the Gospel, or earnest layman vitally interested in the upbuilding of God's kingdom on earth, should know the task which lies ahead and the part which the Interchurch World Movement is to play in facing the situation.

Whether You Are Inside the Church or Out

To every man and every woman who loves his country, these 2000 county conferences are vitally important.

For the facts developed by this great survey show vividly what forces are at work in America—and what kind of a country this country is to be.

SWIFT & CO.'S WEEKLY PRODUCE MARKET REVIEW

Recent arrivals of Danish butter have had little effect on prices, contrary to the views of many dealers. This butter, on account of its fine quality, has gone to very discriminating trade. The manufacture of butter in this country is at present a little less than a year ago, and consumption is heavy, so that the market as a consequence has remained firm. If present weather continues it should bring a larger production of butter each week from now on.

Receipts of live poultry have continued extremely light, and on account of the heavy demand for fowl for the Jewish holidays, live poultry has sold at record prices. The movement of live fowl from the farmers in Southern States is beginning to increase, and prospects are for slightly lower prices.

Production and receipts of eggs have continued to show material increases, but, on account of the heavy demand from consumers and the fact that at this time of the year eggs, on account of quality, are being put into storage, markets have continued on a high level.

MRS. BRUCE IS CONVINCED BY RECENT TRIAL

Person Test Proved Perfect Tonic
To Be The "Very Best of All"
Declares Nurse

LOUISVILLE, KY., April 15.—"Several people had told me that Trutona was the very best tonic I could find and I think the same of the medicine myself now, because it's simply wonderful the way Trutona has brought me out of my troubles."

In the foregoing words is to be seen the reason why Mrs. Mamie Bruce, a well-known Louisville nurse who lives at 1018 South Seventh street, so highly praises the Perfect Tonic. Mrs. Bruce is surely well-qualified to judge the merits of a preparation and her statement will deeply impress many suffering people. Continuing she said:

"I weighed 124 pounds when I began using Trutona, but to-day I tip the scales at 138 pounds and I'm still gaining. A catarrhal affection had been constantly causing the formation of mucus in my head. I could hardly talk and I'd just have one cold after another. My system had gotten in awful shape. For several years I hadn't been able to eat meat, especially fat meats, and every thing I ate seemed to stick in my throat."

"Well, I don't think it's possible for a tonic to make a person feel better than I do now. I took four bottles of Trutona before I noticed the benefits, but from then on the medicine certainly did do the work. My catarrhal affection has been entirely relieved and to this day I wouldn't know I'd ever had such an ailment. I'm eating everything I want every day now—things I couldn't touch for years—and I suffer no bad after effects."

Trutona is sold in Paris at Varden & Son's drug store. (adv)

Perfection's Price In Tire Building

A tire-maker's first problem is to decide how much he can give for the money. This, and every other question in tire building, depends upon policies.

A super-tire, such as The Brunswick, can be made only by a concern which knows well and appreciates that there is nothing exclusive in the tire industry except high standards.

Since 1845 the House of Brunswick has held first place in every line it entered. Brunswick Tires, as more and more motorists come to know them, will certainly be awarded that coveted place held only by the superfine.

Motorists who buy one Brunswick usually adopt it for complete equipment. Yet this is not strange, since the first one so completely proves its superiority.

If the name of Brunswick certifies to you, as to most men, an extraordinary tire, at no higher price, would it not be good business to test one or two Brunswick Tires?

HAVE LITTLE LAUGHING GAS IN YOURS?

Having teeth pulled may become more popular now that searchers after the old-time "kick" have discovered that laughing gas administered during dental operations can make one intoxicated. Dr. W. F. Rounds, dentist, dropped this "tip" at the meeting of the Optimist Club, in Louisville, recently, and told that a "treatment of nitrous oxide gas has the same effect as two drinks of whisky on an empty stomach."

CHANGES ANNOUNCED IN OFFICES AT FRANKFORT

Auditor J. J. Craig has appointed Virgil H. Wolford, Grayson, a clerk in his office to succeed A. H. Tuck, who was transferred to the land office, relieving William Booth, who goes to the Fire Marshal Department.

Warden L. R. Davis has appointed G. B. Brown, of Paris, and Walter Brawley, of Carlisle, guards at the Kentucky Reformatory. Bradley Fuller, of Hopkinsville, was transferred to the Commissary to succeed Jesse Arnold, resigned, and Miss Allie Davis, of Hopkinsville, was appointed stenographer at the Reformatory.

CHILD BADLY BURNED

A combination of matches and kerosene had a bad result Wednesday for Billy Turner, three-year-old son of Mr. and Mrs. Elgin Turner, residing on Clifton avenue.

The child in some manner secured a can of kerosene, which was overturned, the contents saturating his clothes. The boy at the time had a bunch of matches in his hands. One of these became ignited, set fire to his clothing, inflicting severe burns about the head, face and body. His screams summoned assistance, Mrs. Mollie Cameron, a trained nurse, being first to reach him. She extinguished the flames and rendered first-aid treatment. Dr. J. T. Brown was summoned and gave medical aid. The boy will recover.
